CAPITOL RIVERFRONT BID CONTINUES ROLE AS A MAJOR ECONOMIC CONTRIBUTOR TO THE DISTRICT, CELEBRATING 2018 MILESTONES AT ANNUAL MEETING

Neighborhood commemorates a cleaner Anacostia River as a valuable asset to the community

(Washington, D.C. - January 17, 2019) As the Capitol Riverfront Business Improvement District (BID) celebrated ten years throughout 2018, the neighborhood’s rapid growth continued, solidifying its role as a major economic contributor to the District, as well documented in the BID’s 2018 Annual Report released today. Among the projects garnering national headlines, the pulsating waterfront destination played host to Major League Baseball’s All-Star Week, and welcomed state-of-the-art Audi Field, DC United’s new home in Buzzard Point.

The Capitol Riverfront BID’s 11th Annual Meeting at Nationals Park—for property owners, stakeholders, and residents—provided a lively panel discussion celebrating the Anacostia River, a foundation for the neighborhood’s growth and a destination amenity.

“2018 was designated the Year of the Anacostia, celebrating the transformation of this waterfront into a vibrant, healthy, and thriving civic space in the heart of the District, and drawing people with its access, beauty and recreational opportunities” said Michael Stevens, president of the Capitol Riverfront BID. “As we added 1,500 new residents, a new stadium, a new Whole Foods grocery store and so much more, the Capitol Riverfront BID has again underscored the fact that great vision, planning, and investment continue to pay dividends for the District.”
